I will not tolerate!

Even more so.

Let's launch in our mobile suits too!

We are to protect you!

Get that?

GOOOO

THERE'S NO OTHER CHOICE, THAT'S ALL.

WE KNOW
IT'S YOUR
LAST CHANCE.

THAT'S IT THEN, GO!

YES!!

A WISE
DECISION

WITH THIS,
IN ADDITION
TO BEING ABLE
TO LAUNCH

NEW RELEASE FROM ZEONIC!

Howdy guys and gals! Greetings and salutation anon of /m/!

We've got another great release for you from Zeonic|Scanlations! Well, we sat on this project for about a year or so. It's really very sad, I know. Volume.02 is progressing well! Chapter.08 is nearing completion, or so I've been told, so hopefully we'll have it out shortly!

We're slowly progressing with our releases as usual, but we could always use your help! We're looking for skilled photoshopers (n00bs need not apply, please) who have some experience editing manga, or at least can understand the concept of editing manga.

We are also looking for **japanese translators**. If you are interested in signing on to our team, please visit our website or pop into our channel and talk to one of our operators. We're also searching for a new grammar nazi. Zanejin, our former Editor, retired from his position in December. We're looking for someone who can fill this position (meaning scrutinize the translations to no end). If you think you can, please contact Deacon Blues.

Thank you to all of the fans out there who continue to make the Zeonic|Scanlations name a reputable name in the Gundam community. We're dedicated to providing you with the highest quality possible! You make us what we are!
